CLAREMONT

International Summer School

Claremont Summer School offers a rich cultural, educational, and social learning experience that immerses students in a diverse range of activities.

Our programme is designed not only to enhance academic skills but also to broaden students cultural horizons through engaging excursions, interactive classes, and collaborative projects. Students have the opportunity to explore historical landmarks, participate in creative arts, and build lasting friendships with peers from around the world, making the experience both educationally rewarding and personally enriching.

excursions,
including
London 

Many different
nationalities from
across the world

A Typical Day

AT SUMMER SCHOOL

MORNING

After kick-starting their day with an energy-packed breakfast, it's time to dive into a lively morning of Active English and skills-building sessions. This dynamic programme throws students into real-world adventures, where they use language and communication to tackle exciting challenges. It is a hands-on approach that helps them build eight essential skills – listening, speaking, problem-solving, creativity, positivity, ambition, leadership, and teamwork.

Filmmaking is a highlight of the Skills Builder journey and a hit with Summer School students. Before and after lunch, groups dive into creative filming and editing projects, leading up to a grand live screening of their films in our theater!

AFTERNOON

After a hearty lunch, it's time to dive into some fun activities! Over the next two hours, with a few breaks to catch your breath, you can really tailor your Summer School experience. Whether you're into arts, sports, or exploring the great outdoors, there's something for everyone. Each day can be unique and exciting, offering a chance to try something new or dive deeper into what you love.

EVENING

After a busy day at Claremont Summer School, kids can kick back and relax, but we also offer a lively lineup of activities to make their stay even more memorable.

We dive into English through socialising and team games. There's something for everyone, including movie nights, arts and crafts, team-building, talent shows, karaoke, quiz nights, and exciting challenges! At the end of the Summer School, we throw a graduation and farewell party to celebrate the last night with new friends.

Then it is lights out by 10pm, ready to rest for another big day ahead!

RR

[The English lessons] were great because we didn't go into a classroom, sit on tables and make this task or that task; we made a kind of skills builder, that we could use in our life later. Yes, the grammatical skills are very important but these skills which we learned we can also use in other languages. Through these skills, we learned new vocabulary, which was pretty nice!

FILA

Active English:

LEARNING

- ▶  Learning by doing
- ▶  Designing your English skills through activities, such as filmmaking and performing arts
- ▶  Nurture life skills

RR

It was pretty cool because for all the nights, our roommates can't all be from the same country, and I was with a kid from Thailand, so at night he taught me Thai and I taught him Spanish. It was cool being with people from other countries.

Keeping Your Child Safe

SAFEGUARDING

All staff working at Claremont undergo DBS disclosure checks and will have been fully trained and inducted in the policies and procedures relevant to the Summer School operation.

All staff will receive safeguarding training prior to the start of the Summer School programme.

CONTACT WITH HOME

Whilst this is a British cultural trip we also celebrate the various cultures of the attendees. We encourage students to share their culture and foods with others, giving a global perspective.

Mobile phones: We understand the importance of keeping in touch with family, especially staying in a different country. However, we encourage students to enjoy the moment and limit the amount of time they spend with their devices. There is a daily opportunity to contact home and staff have mobile phones should there be any urgent need to half home. Parents may also contact their child at any time, via the Summer School Office email address.

Both the boarding facilities and the school campus have excellent Wi-Fi connectivity throughout.

Transport

INFORMATION

FLIGHTS

Claremont is within easy access of all London airports. Flights should be arranged by the families.

All transfers will be coordinated by the School.

We advise that inbound and outbound flights should be between **10.00am- 18.00pm**.

Transfer costs will be provided on application depending on arrival times and numbers in the group.

TRAIN

Battle Station is on the main line from London and is close to the boarding facilities (journey time is 75 minutes).

CAR

Students may also be dropped off by car.

TRAVEL INSURANCE

Should be arranged by families.

Important INFORMATION

POCKET MONEY

Students will require pocket money as there will be both full day and half day trips as part of the Summer School programme. Both boarding houses are close to local amenities, so students will also have the chance to visit nearby shops during their stay. We ask that all pocket money is handed in to the residential team on arrival. The team will then distribute as required.

PAYMENT

Claremont Summer School 2026 will take place from **5th July to 18 July & 19th July to 1st August.**

Each two-week course will cost **£2,495** excluding flights, and travel insurance. Transport to and from international airports available. Prices available upon request and dependent on numbers travelling. Places are limited.

A Deposit of **£750** will be required at time of booking (full payment required 10 weeks before the start of the course).

Application deadline: **30th May 2026.**

LENGTH OF STAY

The majority of students will sign up for one of the two-week courses; however, they are very welcome to stay for more than one course.

Students may also come for one or three weeks.

However, for those students travelling outside of the start and end dates of the two-week courses, there will be additional costs involved. Should you want to discuss this as an option, please email or call the Summer School Office.
