iSP International Schools Partnership

Claremont School is part of the International Schools Partnership (ISP), a global network of over 100 schools, 90,000 students, and 14,000 staff across 25 countries. Our enhanced British curriculum is enriched by ISP's commitment to growing curious, confident learners.

At Claremont, every child is known, safe, and supported. Learning is shaped by personalised evidence, guided by global standards, and tailored to each student's strengths and aspirations - ensuring that every learner is prepared to thrive in a connected world.

WELCOME TO Claremont Immersion Courses

Improve your English, immerse yourself in a genuine British school and discover what life like is like in a boarding house.

Who is it for?

For students aged 11-18.

When?

Anytime between September and July.

How long for?

Between 2 and 6 weeks.

What will I do?

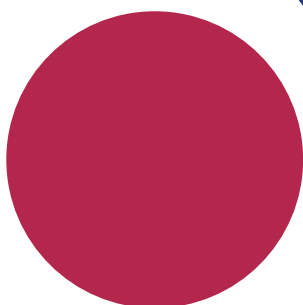

- ✓ You will attend lessons in school with full immersion
- ✓ Improve your English amongst the normal school curriculum
- ✓ Live in a boarding house and learn to become independent
- ✓ Visit London and attend weekend boarding activities
- ✓ Experience the full range of additional clubs at the school
- ✓ Join the Football Academy [Optional]
- ✓ Take home amazing memories!

Autumn Term

September - December

During the Autumn term at Claremont, international students participating in immersion courses can expect a rich blend of academic and cultural activities. The academic schedule is complemented by festive events, kicking off with Halloween celebrations, both in school and back at the boarding houses. As the season progresses, students can enjoy the vibrant Christmas festivities that include a special Christmas service, seeing the Claremont community spirit in action. Ice-skating sessions are also part of the winter activities, providing a fun and engaging end to the term.

Beyond these celebrations, students have the opportunity to participate in or enjoy performing arts shows, showcasing diverse talents and creativity. The Football Academy is another highlight, with pre-season training and the start of competitions, allowing students to engage in sports and teamwork. Additionally, school outings are regularly organised, giving students the chance to explore the local area and bond with their peers.

Spring Term

January - April

Spring term at Claremont sees international students engage in diverse activities while studying. In January to April, they can experience cultural events like Chinese New Year, Ramadan, and Hindu celebrations, as well as traditional occasions such as St. Valentine's Day and Easter preparations. Sports are prominent, with ongoing football academy sessions, hockey, netball, tennis, and the start of cricket training.

The school grounds and the surrounding idyllic countryside, ancient woodlands, sports fields, and wild habitats come alive during this term, offering students a refreshing natural environment to explore. A trip to the Harry Potter experience in London is also a thrilling excursion that adds an element of magic to their stay.

The spring term at Claremont offers exclusive events for students, including a planned English as an Additional Language event to enhance language skills. Students in the performing and creative arts can receive personalised guidance to develop their talents, along with experiencing the annual Senior School talent show in January, and annual Dance Show in March.

Summer Term

May - July

From May to July, the school is abuzz with end-of-year festivities that provide a perfect opportunity for students to engage with the local culture and their peers. One of the highlights is the Claremont Fest, an end-of-term celebration featuring vibrant stalls, live music, engaging activities, and more. This festive atmosphere allows students to experience the diverse and lively community spirit that Claremont is known for. Another cherished event is Shakespeare on the Lawn, where the performing arts students present a fresh take on a classic Shakespeare play, staged outdoors on the beautiful Senior School lawn.

In addition to these events, the summer term includes special programmes designed to build skills and prepare students for future challenges. The Year 9 Skills Quest is an exhilarating teambuilding and activities camp, offering adventures such as Aqua Park visits, paintballing, and obstacle courses. Meanwhile, Year 12 students can participate in Futures Week, a programme aimed at preparing them for life after A Levels, whether they are heading to university or entering the workforce. This week is packed with empowering sessions that cover life skills, UCAS guidance, guest speakers, and various outdoor activities.

For those interested in sports, Claremont provides ample opportunities to get involved in summer sports like football, tennis, and cricket, along with exciting sports days. Additionally, with Hastings nearby, students can enjoy beach outings, exploring the pier and experiencing the quintessential charm of a British seaside adventure.

RR

“It was a unique experience which changed my way of facing the world, filling me with a cultural richness that goes beyond books, the very fact of sharing my daily life with people from different parts of the world made me open my eyes to the endless of opportunities that exist.”

from Chile

Key Information

Transport

Transfer from Gatwick/Heathrow airports or St Pancras Station are organised by the Claremont School boarding staff at the parents' or agents' requests. This is at an additional cost.

Uniform and Equipment

Students can wear their own school uniform. If this is not applicable, we will do our best to lend students Claremont School uniform. We also advise students to bring suitable alternatives, such as navy blue trousers, white shirts and other standard clothing to help match the school dress code. Leather shoes are required.

There is no expectation for immersion students to purchase textbooks. They will require a laptop/iPad to access lessons.

Accommodation

Students share a room, complete with bathroom facilities - further details can be discussed at the interview stage.

Digital Device Use

All personal digital devices are collected at night to ensure students are well-rested for school the next morning. WiFi in the boarding houses is on a timed schedule.

Pocket Money and Maintenance Fund

A fund of £60 per week is added to the fees, to cater for weekend trips and local transport costs. We advise £40 per week for pocket money.

A more detailed handbook will be shared with families following registration.

Clyde House

258 Sedlescombe Road North,
St Leonards, East Sussex

Boarding at Claremont

Immersion course students are fully integrated into life alongside our full-time and weekly boarders. Our two boarding houses - Pyke House in Battle for junior boys and all girls, and Clyde House in St Leonards for our older boys - offer a cosy and safe, home-from-home environment for all of our international students.
